## KENTUCKY LEGISLATURE

**Regular Session.**  
FRANKFORT, March 16.—The legislative session of 1898 is a thing of the past. The gavel has rung for the last time and the legislators are returning to their constituents. At 7 o'clock Tuesday night committees were appointed by the senate and house to notify the governor that they were ready to adjourn. The committees visited the governor and he informed them that he had no further communication to transmit. The house adjourned at 7:40, and at 7:45 o'clock Senator Irons moved that the senate adjourn sine die, and when Chairman Goebel put the question everybody voted yes, except Doorkeeper Bob Tyler, who voted "No." In a loud voice, he said to emphasize his regret over the cutting off of his per diem. The legislature passed something like 60 bills, the larger number of which are still in the governor's hands, and he may approve or veto them at his leisure in the next ten days. The session's work can not be properly judged till the governor passes on the numerous bills still in his hands. A number of important bills have been passed.

### THE AMAZONAS

To Be Transferred to the United States Government—She Will Join the North American Squadron.

LONDON, March 18.—The warship Amazonas, built for Brazil but purchased by the United States, will be formally transferred to the United States government Friday at Gravesend. Lieutenant Commander Colwell, the United States naval attaché here, will receive the ship from her Brazilian commander. A crew from the San Francisco will then be marched on board, the Brazilian flag will be hauled down, and the Brazilian sailors will be landed.

The executive officer of the San Francisco will probably take command of the Amazonas and she will sail for the United States as speedily as possible, under sealed orders. It is supposed she is going to the North American station, where her crew can be reinforced.

The Amazonas had just been provisioned and coaled for her trip to Brazil. The United States government purchased all these supplies.

### THE AMAZONAS

Recently Purchased From the Brazilian Government, Will Bear the Name of New Orleans.

WASHINGTON, March 22.—Secretary Long issued an order Monday that the Amazonas, the cruiser recently purchased at Newcastle-on-Tyne from the Brazilian government, shall bear the name of New Orleans in honor of the principal city of Louisiana. Telegraphic instructions were sent to the naval officer in command of the vessel, who will take immediate steps to carry them into effect. New Orleans was chosen as the name of the warship acquired from the sister republic of South America for the reason that Louisiana is one of the very few states of the union not represented in the navy at this time. There was quite a contest among several other cities to have the new warship named in their honor. Albany, N. Y., Providence, R. I., and Buffalo, N. Y., advanced their claims quite strenuously.

### RAPID FIRE GUNS.

Twelve Ordered From the Armstrongs—Part Payment on the Brazilian War Vessel.

WASHINGTON, March 18.—The first disbursement under the recent act of congress appropriating \$50,000,000 for the national defense has been made by the treasury department on an executive order for 20,000 pounds sterling, or \$145,995 to be, embodied to London to the credit of Sir William Armstrong in part payment for 12 rapid fire guns, including mounts and ammunition. The purchase price including mounts etc., is \$21,000 for each gun, or \$252,000 for the 12. In addition to this payment the treasury department Friday will cable Rothschilds at London \$1,089,021 in full payment for the Brazilian cruiser Amazonas, and in part payment for the Abreucall. The 12 rapid-fire guns are for the use of the war department.

### BROWN PRISMATIC POWDER.

Largest Single Order Ever Given by the Government on the Pacific Coast.

SANTA CRUZ, Cal., March 19.—The California powder works received orders from the navy department on Wednesday for 3,000,000 pounds of brown prismatic powder. Thursday the same concern received an order for 200,000 pounds of the same kind of powder for immediate delivery. These, together, make the largest single order for powder ever given by the United States government on this coast.

About six months will be required to fill these orders, even with the additional machinery now in course of construction. Previous orders for smokeless powder will keep the works running at their full capacity for a year.

### The Lucania's Fast Run.

QUEENSTOWN, March 19.—The Canard line steamer Lucania, Capt. McKay, which sailed from New York on March 12 for Liverpool via this port, arrived here at 3:35 o'clock. On March 15 she steamed 531 knots and on the following day she made 530 knots, beating her previous records on both days. Her previous best record for a day's run eastward was 526 knots, but she has made 563 knots in a day's run going westward.

### Electric Plant at Ripley.

RIPLEY, O., March 18.—The Ripley Gas Light and Coke Co. will put in a electric plant. Local and foreign companies have attempted to secure franchises, but the tea-years' street-lighting contract held by the gas company has been the stumbling block to investors.

## THE BOARD'S REPORT.

A Copy Will Be Laid Before the Spanish Government—Also a Copy Will Be Sent to Congress by the President.

WASHINGTON, March 22.—The procedure in connection with the submission of the report of the Malac court of inquiry by the president to congress is now clearly outlined, and a cabinet officer explained the general line of action at present intended to be pursued upon receipt of the report, which is expected to reach Washington next Thursday. A copy will be laid before the Spanish government very early, and as soon as can be consistently done the report will be sent to congress and be made public at the same time. The report to congress will be accompanied by a message from the president, stating that after receiving the report the conclusions were laid before the Spanish government and appropriate action from that quarter asked. It is stated positively that no part of the report and no intimation of the findings has

## PRESS CENSORSHIP.

All Foreign and Domestic Press Telegrams, Containing News Unpalatable to Spain, Forbidden.

New York, March 22.—A dispatch to the World from Madrid says: Instructions have been given since Friday night to the press censor to stop all foreign and domestic press telegrams—and even telephone messages—containing news unpalatable to the government. Unauthorized details of naval and military preparations, of the movements of war vessels, particularly of the flying squadron; of the purchase of vessels of war and stores abroad are especially interdicted. Hitherto no step had been taken to prevent the Madrid press from publishing frequent and abundant information. The same press censor will also stop telegrams sent from Madrid to newspapers in America, England and France when they contain news which is deemed likely to create alarm. Therefore the people now are at the

## GAINED 22 POUNDS IN 5 WEEKS

From the By-Stander, Macomb, Ill.  
Alderman Louis W. Camp, of our city, has quite astonished his friends of late, by a remarkable gain in weight. He has gained 22 pounds in five weeks. The fact of his friends who do not know the facts of his sickness will read with interest the following:  
"I was broken down in health and utterly miserable," said Mr. Camp to our reporter. "I was unable to work much of the time and so badly afflicted with a form of stomach trouble that life was a veritable nightmare. I tried various remedies, but during the six months of my sickness I obtained no relief. I had always been a robust, healthy man and sickness bore heavily upon me. About two years ago I was advised to try Dr. Williams' Pink Pills for Pale People. I purchased one box and received so much benefit that I used five more and was entirely cured. I gained twenty-two pounds in five weeks. Since I stopped taking the pills I have scarcely had an ache or pain."

Interviewing the Alderman.  
"Dr. Williams' Pink Pills restored me to health, and I most heartily recommend them."

L. W. Camp on oath says that the foregoing statement is true.  
Following is the physician's certificate as to Mr. Camp's present condition:  
I am a regularly licensed physician of Macomb, McDonough County, Ill. I have very recently examined Mr. L. W. Camp as to his general physical condition, and find the same to be all that could be desired, appetite and digestion good, sleep well, and has all the evidences of being in a good physical condition.

Give the Children a Drink called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it, because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 2 1/2 cents as coffee. 15 and 25c.

Mt. Vernon has good citizens. She has benevolent citizens, but what she lacks is enterprising citizens. What we need is to open our eyes—shake the dust from off the seat of our pants—roll up our sleeves and go to work—work not only to help ourselves but a benefit to the public. We have a Board of Town Trustees of most excellent gentlemen. They have made a splendid beginning by ordering certain sidewalks to be put down, but they have not gone far enough. You men are the custodians of the town, the streets, the sidewalks, street lamps, &c. You have absolute power to order, and absolute power to enforce the order when made. Richmond street is entirely too narrow. The citizens on that street are all willing to move back their fences, but one is waiting for the other. We want children, young ladies and gentlemen to come here and go to the College. Yet, if they come, we force them to wade in the mud up to their knees to get to the College building. Spring is here and lets paint our houses, clean up our property, put down sidewalks, widen and clean our streets, take more pride in ourselves, our families, our property and our town and we will look, do, and feel much better.

## LIVINGSTON.

Sol. Elmore, of Corbin, is visiting his brother, C. S. Elmore.

L. M. Westerfield, J. A. Mudd, dispatchers, and Chief W. F. Sheridan were up from Rowland taking a view of this place where they will be located in the near future.

Miss Daisy Patton, of Manchester and Miss Fannie Redd, of Crab Orchard were the guests of Mrs. Dr. Cooper last week.

R. C. Wade, of Mitchellsburg, has bought the stock of Jake Sanbrook. We gladly welcome Mr. Wade and wife with us.

Mr. and Mrs. C. Mullins who have been to French Lick Springs, Ind., in search of Mr. Mullins' health, have returned.

D. R. Stucky has moved from Roundstone heights to rooms in Jim Mullins' house.

P. W. Starks, former supervisor of this division, but now located at ZaGrange, was here with friends and relatives last week.

Dr. E. J. Brown and Ed. Walton, of Stanford, were here last week.

Joe Meadows and Jno. Graves and Miss May Tyree, visited Mr. Meadows' parents at Pine Hill, Sunday. Miss Ida Meadows returned with them and is now the guest of Mrs. M. J. Goodin.

Miss Jude Owens has returned from a trip to Brodhead.

W. R. Dillion gave the young people a dance Saturday night. All report a fine time.

Mrs. Joseph Coffey and Miss Ella May Saunders have returned from Louisville.

Mr. and Mrs. L. M. Scroggs were here Sunday with friends.

Gill White of Manchester was here Sunday.

C. P. Mann, the barber, has sold his shop and fixtures to Shannon McKinney, of Lincoln county, who will continue the business at the same stand.

Sam Ward, Jr., is visiting his parents here this week.

Miss Mary Tyree is visiting her parents in Pittsburg.

Mrs. Coffey has rented a room of Mart Hicks where she will open up a complete stock of millinery.

The Literary Society met again Friday night as usual, and discussed the question: "That a drunken man creates more disturbance in a community than a tattling woman." J. R. Tankersley and W. W. Saunders for the affirmative and Col. Bentley and Jno. Pope for the negative. The judges Mr. Dishon, Robt. Brown and Harry Dillion decided in the negative. The educational address of Mr. Tankersley was highly appreciated. We hope Mr. T. will come often.

Magistrate T. B. Chandler, who moved out of district has been succeeded by D. T. Lamb who was appointed by County Judge Williams last Monday. Mr. Lamb is a Republican. The retiring magistrate was of that faith and the Judge thought it just to fill the office with one of same political belief.

Saturday, Sunday and Tuesday nights sulphur fell with the rain in considerable quantities throughout the county. On the rainwater barrels at the Court House the chemical was half-inch deep. On putting some of it on the fire it gave forth a strong sulphurous odor. Many of the superstitious believe it presages war, and some of them are rubbing up their old war muskets to be ready for a voyage to Cuba.

Last Saturday seven cases were tried in County Court and six convictions were secured—mostly liquor cases. It is a foregone conclusion that the Court will break up the liquor business throughout the county as well as giving its attention to all manner of offenses against the laws. The Court is not vindictive in its work but treats impartially without fear or favor every case brought before it. Old Rockcastle is climbing right out of the ruts.

Sam Deunham visited home folks at London, Sunday last.

Under the new School law there will be no trustees elected until next October. The present trustees hold over until then. And the present Chairmen of school boards also hold over

A fishing party of children from Junction City while crossing Knob bridge were run down by a freight train last Saturday and Miss Mary Van Arsdall aged 14 was killed. Her body was horribly mangled. Claud Baker in attempting to rescue the girl was also struck. He will recover. Coroners inquest held the train crew blameless as it was impossible to stop on account of an abrupt curve.

Broadhead's Fair will occur on the 17, 18, and 19th of Aug. Preparations are already on foot for making the exhibition even more successful than last year. The managers wish to call the farmers' attention to the fact that many premiums will be offered on vegetables and all farm products, and requests them to make special efforts to have a fine display in this department.

### WILDIE

Farmers are not doing much on account of wet weather.

Peach trees are in bloom but I fear frost will come along and get them.

Your correspondent, as well as several others in this locality, have had severe attacks of the grip.

## HE HATED TO LIE

A Negro Pioneer Who Rose Superior to His Prejudice.

William Thomas is a negro whose remarkable aim in life is, under all circumstances, to tell only the truth. William was indicted by the next to the last grand jury for grand larceny, and he was brought from jail this morning to be arraigned. Thomas has what is termed a "tough case," so he agreed with the prosecutor to plead guilty and receive the minimum sentence—two years in the penitentiary.

"Stand up, Thomas," said Judge Wofford. "Are you guilty or not guilty?"

"Judge," answered the man, with a sigh, "I do hate to tell a lie, but I guess I'll have to. I'm guilty."

"Oh, you hate to tell a lie, do you? I won't let any man plead guilty if he thinks he is innocent. You'll stand trial."

This was exactly what William's attorney did not want.

"Your honor," he said, "this man is not accustomed to court ways. He did not mean that."

"That's right, judge. I never was in court before, and I don't think I quite got you."

"You may not understand much law," retorted the court, "but you know whether you went into that store and stole those goods."

"Oh, yes, sir, I done that."

## L'OLONNOIS, THE CRUEL

It Was the Most Feroceous of All the Famous Buccaneers.

Among the buccaneer leaders who distinguished themselves as land pirates was Francis L'Olonois, a Frenchman. In those days it was the custom to enforce servitude upon people who are not able to take care of themselves; unfortunately debtors and paupers of all classes were sold to people who had need of their services. Boys and girls were sold for a term of years, somewhat as if they had been apprentices; and it so happened that the boy L'Olonois was sold to a master who took him to the West Indies. There he led the life of a slave until he was of age; and then, being no longer subject to ownership, he became one of the freest and most independent persons who ever walked this earth. He began his career on the island of Hispaniola, where he took up the business of hunting and butchering cattle, but he soon became a pirate, and enlisted as a common sailor on one of their ships. Here he gave signs of being so brave and unscrupulous that one of the leading pirates on the island of Tortuga gave him a ship and a crew, and set him up in business. The career of L'Olonois was much like that of other buccaneers of the day except that he was abominably cruel to his Spanish prisoners.

All the barbarities attributed to the pirates of the world were united in the career of this wretch, who does not appear to be so good an example of the true pirate as Roa, the Brazilian. He was not so brave, he was not so able, and it would be impossible for anyone to look upon him as a hero.

After having attained in a short time the reputation of being the wickedest pirate of his day, L'Olonois was unfortunate enough to be wrecked upon the coast near Campeachy. He and his crew came safely to shore, but it was not long before their presence was discovered by the people of the town, and the Spanish soldiers attacked them. There was a fierce fight, but the Spaniards were stronger, and the buccaneers were utterly defeated. Many were killed, wounded or taken prisoners.

Among the wounded was L'Olonois, and when the Spaniards walked over the battle field, he was looked upon as killed. When the soldiers had retired, he stealthily arose and made his way into the woods, where he stayed until his wounds were well enough for him to walk about. He divested himself of his great boots, his pistol-belt, and the rest of his piratical costume, and, adding to his scanty raiment a cloak, he hid which he had stolen from a cottage, he boldly approached the town, and entered it. He looked like an ordinary person, and no notice was taken of him by the authorities. He found shelter and something to eat, and he soon began to make himself very much at home in the town of Campeachy. —Frank R. Stock, in St. Nicholas.

# Spring Medicine

These two words emphasize a necessity and indicate a remedy.

SPRING—the season when the blood is most impure as a result of the winter's closer confinement, higher living, slower action of the kidneys and liver; when humors of all kinds, boils, pimples and eruptions are most liable to appear; when the weak, languid condition of the whole bodily structure demands and welcomes help.

MEDICINE—that to which the millions turn at this season—Hood's Sarsaparilla. The original and only preparation especially adapted to the present needs of the human family; that which makes the blood pure and clean, as shown by its thousands of wonderful cures of dreadful blood diseases; creates an appetite and cures dyspepsia, as shown by its "magic touch" in all stomach troubles; steadies and strengthens the nerves, as proved by people formerly nervous, now calm and self-possessed, thanks to

Only those who have been relieved of great suffering can fully appreciate the gratitude with which the testimonials overflow written in favor of Hood's Sarsaparilla. Just read this:

"C. I. Hood & Co., Lowell, Mass."

"Gentlemen:—My first experience with Hood's Sarsaparilla was when I used it as a tonic and spring medicine. It did me so much good my faith in its

merits became very strong. About two years later I had a running sore on my foot. It developed into erysipelas and affected the entire limb. At that time I was

**Very Much Run Down,** as I had been troubled with dyspepsia. The drain on my system was so severe and my stomach was so weak I became a ready victim of malaria. I feared I could never regain my health. My stomach rebelled at the simplest food, and the medicines prescribed for me gave but little relief. I sent for a bottle of Hood's Sarsaparilla, and I had taken this medicine but three days when I began to improve. Continuing with it, I am now better and stronger than I ever expected to be. It has purified my blood and given good circulation. I have had no return of my old troubles since." Mrs. W. KANE, Media, Pa. Hood's Sarsaparilla is

**The Medicine For You** because of what it has done for others; because you ought this spring to take that which will do you the most good.

## THE INGENIOUS MAN.

His Invention Was Forgotten in Time of Need.

He was a very ingenious man. He had made an invention which was of great value. He thought so, at least, if the world did not, and he had his invention patented. It was a combination camp-stool, cane and umbrella. The cane was the usual form of the invention. At a big parade nothing could be more convenient, and for an ordinary, unexpected rainstorm, what could be better? A man is sure to have his walking stick with him.

It was not so very long after the invention had been perfected that the man was out walking with his wife, and a sudden shower came up. There were no canes, no umbrellas, and the only thing to do was to run, and the unlucky pair did this with a vengeance, reaching the house hot, uncomfortable, and pretty wet.

"Well, we are here at last," said the man, drawing a long breath of relief. "Yes," said the wife, disconsolately, "but I think I have ruined my new bonnet. And, John Smith," she added, suddenly, with a little scream, "what do you think you have done? You had that old invention of yours—came-camp-stool-umbrella affair—in your hand all the time ready for an emergency, and forgot to use it!"

The man tells the story, and thinks it is a great joke.—N. Y. Times.

The best man is he who tries to perfect himself; and the happiest man is he who finds that he is perfecting himself.—Socrates.

## A DOCTOR'S DIRECTIONS.

They save a daughter from blindness.

When a father writes that yours "is the best medicine to the world," you can allow something for seeming extravagance in the statement if you know that the medicine so praised, cured a loved daughter of disease and restored to her the eyesight nearly lost. The best medicine in the world for you is the medicine that cures you. There can be anything better. No medicine can do more than cure. That is why John S. Goode, of Orrick, Mo., writes in these strong terms:

"Dr. Ayer's Sarsaparilla is the best medicine in the world. My daughter had a relapse after the measles, or another cold. She was nearly blind, and was obliged to remain in a dark room all the time. The doctors could give her no relief, one of them directed me to give her Ayer's Sarsaparilla. Two bottles cured her completely."

The thousands of testimonials to the value of Dr. Ayer's Sarsaparilla repeat over and over again, in one form or another, the expression: "The doctors gave her no relief; one of them directed me to give her Dr. Ayer's Sarsaparilla, and she was completely cured her."

It is a common experience to try Dr. Ayer's Sarsaparilla as a last resort. It is

a common experience to have Dr. Ayer's Sarsaparilla prescribed by a physician. It is a common experience to see a "complete cure" of a disease of a few months' duration. It is a common experience to see a "complete cure" of a disease of a few months' duration. It is a common experience to see a "complete cure" of a disease of a few months' duration.

The great feature of Dr. Ayer's Sarsaparilla is the radical cures that result from its use. Many medicines only suppress disease—they push the pimples down under the skin, they paint the complexion with subtle arsenical compounds, but the disease rages in the veins like a pent-up fire, and some day breaks out in a volcanic eruption that eats up the body. Ayer's Sarsaparilla goes to the root. It makes the fountain clean and the waters are clean. It makes the root good and the fruit is good. It gives Nature the elements she needs to build up the broken-down constitution—not to trace it up with stimulants or patch it up on the surface. Send for Dr. Ayer's Sarsaparilla, and learn more about the cures effected by this remedy. It's sent free, on request, by the J. C. Ayer Co., Lowell, Mass.
